Come hang with fellow Poor Farmer's March 4th at Fricker's in Troy from 6-9pm.

Come see us at Fricker's in Troy on March 4th from 6-9pm for a fun open house style get together. We will be gathering in the banquet room in the back of the building so we will have plenty of room to mingle. We would like to thank Angela Albright for setting up this affair. She has been a big help with this year's activity schedule as well. She is known in the land as the unofficial Poor Farmer's Activity Director. I hope that we can make that an official title one day.

Before you ask, Mike will not be buying the food or drink for this event, most of you make a lot more money than me anyway so if you want to buy me a drink feel free. Kids are welcome to come. There is a small arcade that will keep them occupied so bring some game money. We hope to see all of you there at some point or other. These get togethers mean one thing and one thing only... Camping Season is just around the corner. Let's Go Campin'!

Attention Seasonal Perm Campers!

Please let Jimmy or Mike know if:

- You are interested in moving campsites.
- You need any work done to your campsite.
- You are not returning for the 2023 camping season.

If it is the latter, we ask that you have the site clear by April 1st. This will give the new camper time to get situated before the camping season begins. Call Jimmy Weaver at (937) 368-2449 Monday through Saturday 8am – 5pm for any questions you may have.

Polar Farmers

This 2022-2023 Winter camping season has been one for the record books. In December we had some record low temps (which I missed due to a Florida vacation). In February, we have had some record high temps (The golf courses are having the best February ever), and in March, I guess expect some record moderate temps? I do hope we can turn the water on by April this year, it has been a couple years since that has happened. If not, I guess you know what my April Fools joke will be. Once we do get the water turned back on, it is always a mad rush for our monthly customers to get back to their summer spots. If any of you need help or have questions, contact me or Jimmy Weaver for assistance. If you do not need help, we still need to know when you are moving, so we can get the meter readings in order and collect the temp meter that you were plugged into.

We would like to thank you all for staying with us through the Winter. I hope that the nastiest of conditions are behind us and we can look forward to brighter, warmer, and longer days. May 6th is only 65 days away and getting closer with each beautiful sunrise. The only one not excited about this is Frosty. Polar Farmer's will return in Winter 2023.

Miami East After-Prom Quarter Auction March 5th 1-5pm

Support Miami East after Prom by attending their Quarter Auction. Wanna know how it works, so do I, that's why I'm going. I do know that you will need some cash and a bunch of quarters. If you don't have the quarters, you will be able to purchase some at the event. Come out and support the kiddos as they raise money for their after-prom. After-prom is a safe, drug and alcohol-free event where young men and women can finish their prom night in a comfortable environment in way more comfortable clothes.

Come out to Miami East High School on St Rt 589 and support the kids. If you're lucky, you may just win the awesome prize that Poor Farmer's donated. Click the link below for more information.

Mike's Phone Pictures for 2023

January 1st! Due to a Florida trip for Christmas, we had to celebrate the Till family Christmas on New Year's Day. My mother has been my favorite chef for my entire life. She raised three kids who all know how to cook, bake, and present a plate like it came out of a 5-star kitchen.

You can see the detail that her and my sisters put into this plate of cookies. It is always hard to eat something that was decorated so beautifully, at least until you take that first bite... then the rest of the cookie is easy to eat. Delicious!

Every year we have to take a day and get the garage behind my office cleaned up. It is usually when Andrea walks out there and you hear things being thrown and kicked. That is the tell-tale sign that the garage needs organized. Isaac and Marty helped us this year and I think we did a knockout job. Now we can find what we need, until we realize we threw it away.

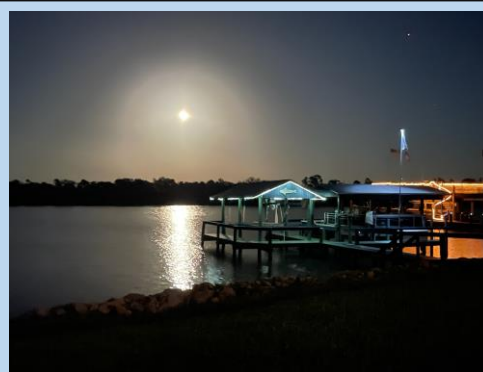

This is our pantry at home. In 2022 Andrea and I remodeled our living room. The pantry is attached to the living room but I just now got around to finishing it. I love how clean and neat it looks.

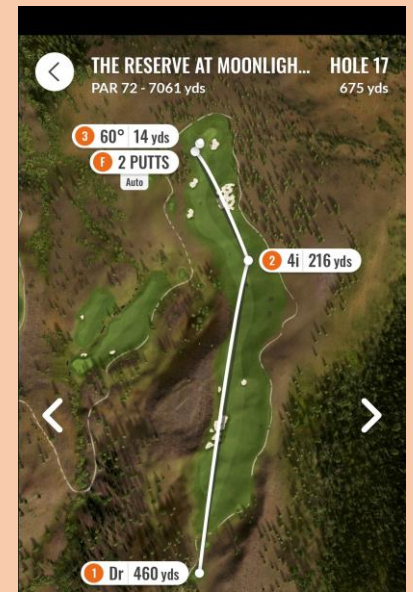

Strawberries from Miami East FFA are SOOOO much better covered in chocolate from *Angell and Phelps*, a candy store in Daytona, FL., one of our regular stops when we go see Mom and Dad.

The strawberries were plump and ripe and the chocolate was smooth and sweet. I think I ate half a dozen strawberries for dinner one night.

This is a picture of a very special place. This is a picture Mom sent one night. She is a talented photographer and when you give someone like her a picturesque moment like this, she takes advantage of the opportunity to snap a beautiful shot. I hope our family is able to enjoy this view for many more years to come.

My good friend Caleb Comer and I joined a simulator golf league at Lakeland this Winter. It has been a great way to keep swinging the club and hopefully that inspires more birdies on the real courses for 2023.

One Saturday we played a Jack Nicholas designed course in the mountains of Montana called The Reserve at Moonlight Basin where I hit a 460 yard drive on hole #17. This is just me bragging.

RV's Priced for Spring Sales

Poor Farmer's RV has a great selection of new and used campers on our sales lot. Isaac Combs has been managing our sales department for the better part of a year and is happy to see the increased traffic on his sales lot. We are continually investing in new and used campers of all different types, floorplans, and price range.

If you are in the market for a new Coachmen Chaparral or any type of used coach, check out our inventory at www.poorfarmerrvs.com. Then give Isaac Combs a call to secure the unit that you want... cause at Poor Farmer's RV, it's all about what you want.

Quote of the Month

Stay away from negative people, they have a problem for every solution.

-Albert Einstein
